## Shape Grammar

**Instructors** Assoc. Prof. Dr. Derya Güleç Özer

Res. Asst. Özde Özdal

### A2

14 Mar. 2018

#### CubeMondrian

##### Analyzing an artwork and recreating a cube (Duration: 1 week) Individual work

- Students are expected to analyze a famous work by Piet Mondrian, De Stijl artist. The artwork will be analyzed according to 2D shape rules.
- The rules will be written down, in order to create new ones. You may use more than one rule.
- The artwork may be analyzed in two ways: Shape grammars and color grammars.
- Using the existing rules, the students may create different combinations.
- Staying within 10x10x10 cubic space, the students are expected to create a physical model of their designs.

**Medium:** Colored cardboards, colored pens, wooden sticks etc. No glue, staple is allowed. Find an original way to connect your elements.

**Due date** 21 Mar. by 9:00.
